

1. One of the students goes to My Google Maps (in Seriozha curatorial group account) and Creates a new map. There needs to be just one map for all of the group

2. Each of the students creates her own marker at any place on the planet.

3. Add text (250 words) sound, video or image to the marker telling a story of the place.
4. Do not write any explanation for this yet, just the text on the marker with some media.
